

UPDATED - For Immediate Release

As the City of Burlington celebrates Independence Day on Friday, July 3rd, all DOWNTOWN City owned parking garages and on street meters will offer free parking on Friday, the observed holiday. Downtown City owned garages will also be free on the actual holiday Saturday, July 4, 2015. This presents a great opportunity to celebrate the holiday and enjoy our downtown without worrying about parking.

The City is happy to announce after nearly two years of work with our parking consultant, Desman Associates, and our private partner the Burlington Business Association; the Downtown Parking Initiative report will soon be made available outlining a roadmap to the future of parking in the City.

Please check our website parkburlington.com for current and future updates and information relating to parking in Burlington.
